In response to the Office Action mailed on March 26, 2002, please amend the Application as follows, and consider the appended remarks.

IN THE CLAIMS

Please substitute the claim set in the appendix entitled Clean Version of Pending Claims for the previously pending claim set. The substitute claim set is intended to reflect the cancellation of claim 60 and amendment of previously pending 63 to correct a typographical error. No new matter has been added. The specific amendments to individual claims are detailed in the following marked up set of claims.

Please cancel claim 60.

63. (Amended) A memory circuit, comprising:

control logic for providing a selected mode control signal;

selection and temporary storage circuitry for receiving and storing a first and a second external address;

a first multiplexer coupled to the selection and temporary storage circuitry and to the control logic for receiving the first external address and the selected mode control signal respectively therefrom;

a second multiplexer coupled to the selection and temporary storage circuitry and to the control logic for receiving the second external address and the selected mode control signal respectively therefrom[;], wherein each multiplexer selects its respective external address when the selected mode control signal indicates a pipeline mode, and each multiplexer selects a
